REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: None of the applied prior art of record teach or fairly suggest an image transfer sheet having structure presented in claims 1, 21, 46 and represented by Fig.1 in the specification disclosure. William et al (US 6,531,216B1), Fig. 3 and column 4 lines 1-9 discloses a material having a support (1), an adhesive layer (4), a heat sealing layer (2) and image receiving layer (3). In column 19, lines 1-7 discloses that the image receiving layer either does not melt when heat is applied or melts at a temperature above the melting temperature of the heat sealing layer. William et al do not discloses the use of a woven or a non-woven web impregnated coated with image receiving formulation capable of sealing an image upon the application of heat up to 220 °C. There is no teaching or suggestion in William to use a web layer in association with the heat sealing layer (2).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
